Note about Appendix B, References

The *Appendix B*, *References*, is available as an online chapter, and is available at `https://www.packtpub.com/sites/default/files/downloads/8742OS_AppendixB_References.pdf`. This appendix provides a chapter-wise list of references for [source entry] in the respective chapters.

It contains the in-text citation of papers, conference, books, and instructional videos throughout the book. The sources are listed in the following format:

[In-text citation]

For example, in any chapter, you will find an instance as follows:

This time around RSS increases with λ before reaching a maximum for $\lambda > 60$. This behavior is consistent with other findings [6:12].

The respective [source entry] is mentioned in *Appendix B*, *References*, as follows:

[6:12] Model selection and assessment H. Bravo, R. Irizarry, 2010, available at `http://www.cbcb.umd.edu/~hcorrada/PracticalML/pdf/lectures/selection.pdf`.
